

## EXPECT VOTE ON DRAFT THIS WEEK

Leaders Look for All Features  
of Measure to be Passed  
by Congress.

WASHINGTON, April 27.—The war army bill will be passed by congress before the present week ends, and unless leaders in senate and house are far ahead in their predictions it will go through with the selective draft feature, the object of bitter attack, virtually as it came from the war department.

The senate definitely committed itself Thursday to a final vote on the bill before mid-Saturday. The house, sitting far into the night, was determined to vote Friday if possible. The senate is expected to put through the bill by a majority of large proportions and to defeat the proposed amendment authorizing the president to call for volunteers by a majority of at least 15. In the house the administration forces are confident the volunteer advocates will be routed by a majority of between 25 and 30. With the volunteer substitute out of the way, the majority for the bill is expected to be overwhelming.

Sixteen to Speak.  
There were 16 senators on the list to speak before a vote is taken when the senate recessed Thursday

night and Majority Leader Martin made the meeting hour Friday 10 o'clock to give all an opportunity to be heard.

The house sat late to clear up general debate, except for the closing statements of Chairman Eust of the military committee, heading the volunteer champions, and Rep. Kahn, ranking republican member, directing the fight for the administration plan.

When general debate is closed in the house discussion under the five-minute rule will begin. Former Speaker Cannon will be among those talking five minutes for the volunteer system. Republican Leader Mann, who favors conscription, probably will not speak, nor will Democratic Leader Kitchin, who is understood to oppose the draft.

Rep. Madden of Illinois announced Thursday that he and Sen. New of Indiana will offer amendments to the bill to provide, notwithstanding the exemptions it enumerates, "each state shall be required to supply its quota in the proportion that its population bears to the total population of the country."

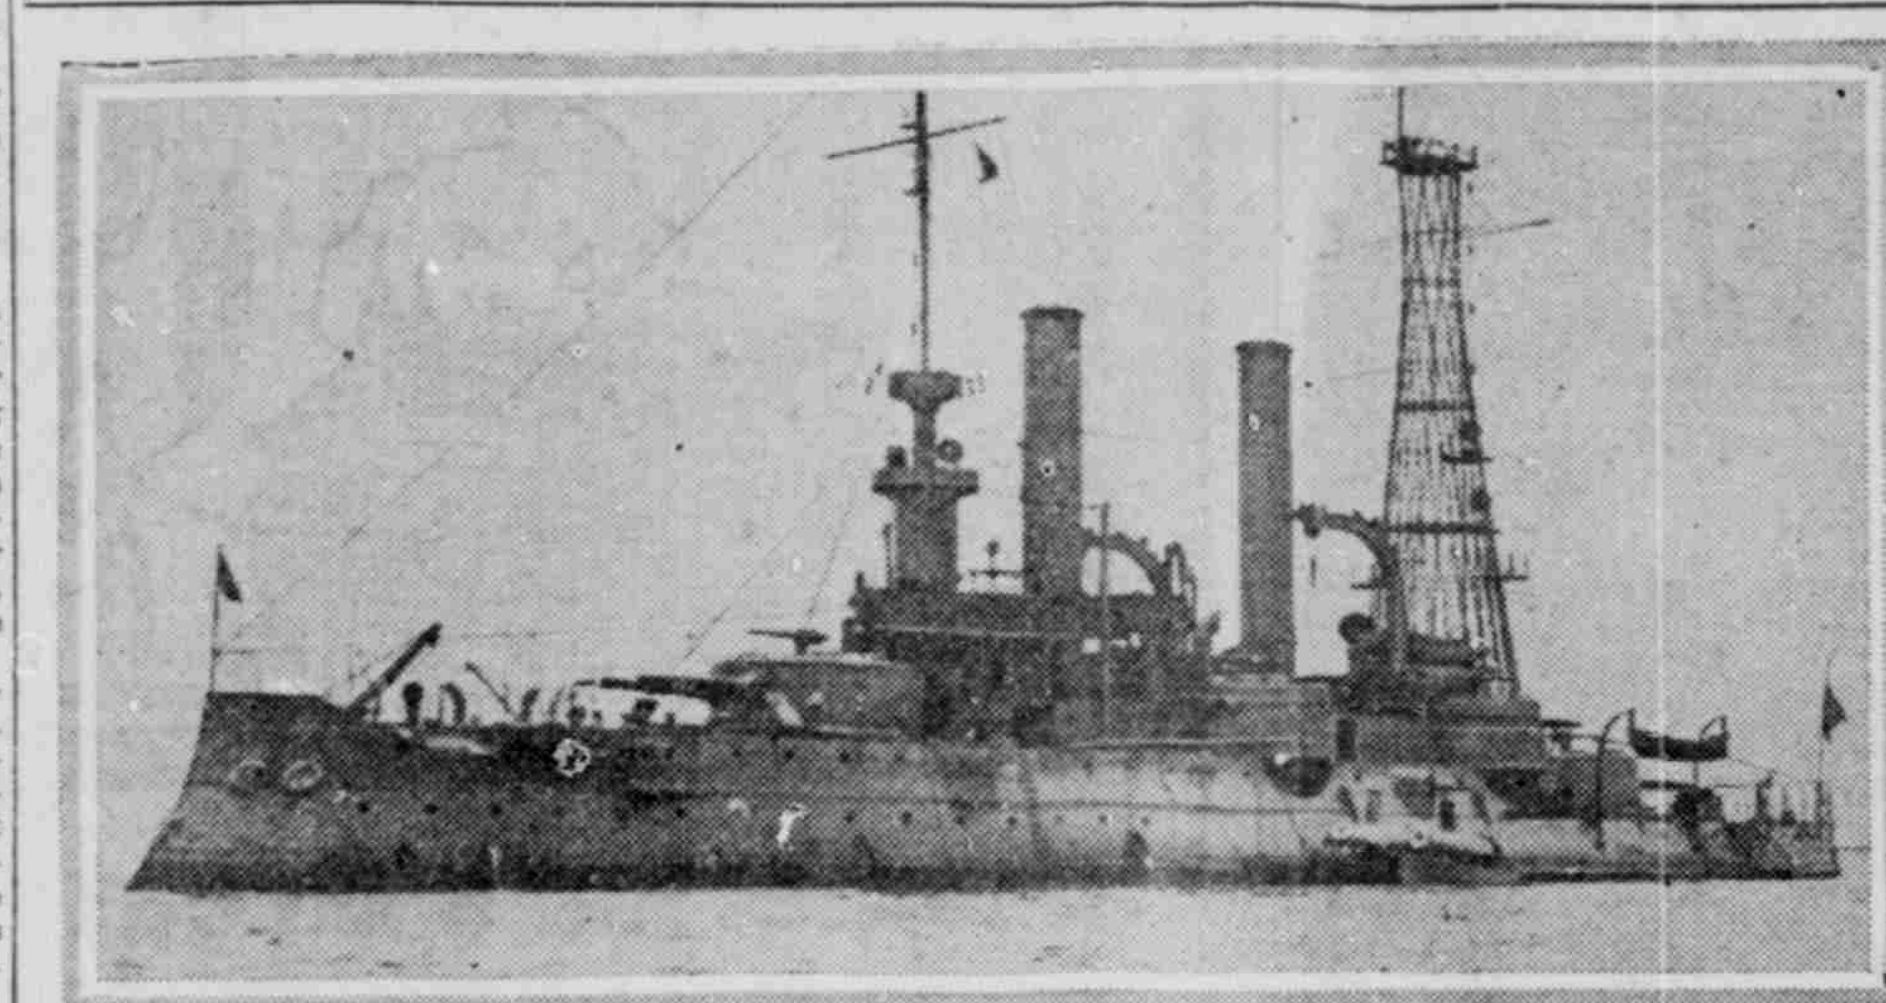

### CONFEDERATES HONORED

South Observes Annual Memorial Day Amid War Preparations.

International News Service.  
ATLANTA, Ga., April 27.—Mellow memories of a hallowed past mingled with the quickening spirit of war preparations for the present in Thursday's observance of confederate memorial day throughout the south. Veterans of half a century ago, in faded gray, many of them halt and lame, but with the fire of martial

valor unquenchable in their eyes, marched side by side with golden youths in khaki, to pay annual tribute to the brave who fell in battle 50 years ago. Flowers in profusion were scattered over the graves of all veterans and floating over every assemblage the stars and stripes waved side by side with the vener-

One of Uncle Sam's pre dreadno ught type of battleships—the U. S. S. Iowa. Battleships of this class have been of great value to the entente allies in the present war. The Iowa was built in 1893 and is of 11,346 tons displacement. She carries four 12-inch guns, eight 8-inch guns, ten 4-inch rapid-fire rifles and four six-pounders.

ated stars and bars.  
In Atlanta and other cities tens of thousands of small confederate flag pins were sold by young women to help defray expenses of the confederate reunion at Washington June 5. Public offices throughout the south were closed in the afternoon in honor of the day.

### OCEAN TRIP WAS RATHER EXCITING

Indianapolis Doctor Encoun-  
ters German, British and  
U. S. Naval Vessels.

NEW YORK, April 27.—Chased by a German submarine, boarded by a small boat crew from a British warship and halted by an American destroyer off the northeast coast are untoward incidents in the passage of Dr. Joseph B. Eastman of Indianapolis, Ind., who has just reached New York from Europe. Dr. Eastman worked his way over on a Standard Oil tanker.

Dr. Eastman said he went to Vienna, Jan. 19, 1916, as a representative of the American Physicians' expedition committee with his wife, son and six assistant surgeons and six nurses. He quit the Austrian capital in February. His wife and son in the meantime had returned to Indianapolis.

After remaining two months in Copenhagen, in a futile effort to obtain passage to the United States, Dr. Eastman enlisted as ship's surgeon on the tanker.

"The only reason I stopped over in New York was to get a good bed, a bath and a shave," said Dr. Eastman.

"On April 1, we sighted a submarine off the Faroe Islands. The seas were very high and after chasing us for more than one hour, the U-boat submerged. We had got our things together, expecting to be torpedoed."

"The night before we reached New York we were halted off Nantucket by an American destroyer."

"I was treated with every courtesy while in Austria and Germany. The Austrians like Americans and I know they regret the United States is in the war. I shall first enjoy another good night in bed here and then go to Indianapolis," Dr. Eastman concluded.

### WOMEN STREET CAR DRIVERS WIN STRIKE

Demand of Forty Cents More a  
Day and Fewer Hours of  
Work Are Granted.

BERLIN, April 27.—The street railway service in the city of Magdeburg was tied up for three days recently when the female conductors and "motormen" went on strike.

On account of the increased cost of living, the women demanded a raise of 40 cents per day, besides a reduction of their working hours. The lines are owned by the municipality.

The city authorities at first refused to grant the demands and tried to run the cars with the aid of old men and boys, but the public took the part of the strikers. Fearing serious disorders, the mayor asked the striking women to send a delegation to his office. The conference ended with a complete victory for the "lady conductors," and within an hour all of them were back on their cars. The pay of the women now is about a third higher than what the male conductors and motormen got before the war.

### "AMERICA" IS INCLUDED

Is Part of Every Service in Church  
at Denver.

DENVER, Colo., April 27.—One church in Denver has been displaying its patriotism for two months by singing "America" at the close of every one of its services, and it is a church whose congregation is composed mostly of citizens of English and German extraction.

This patriotic house of worship is Emmanuel Episcopal church. "It is really a prayer to the Deity in behalf of the nation," said the Rev. S. R. S. Gray, vicar of West Denver, commenting on the new hymn custom.

The congregation, composed of persons who trace their ancestry to the two most hostile nations at war never discuss the conflict.
